(I have these printed)

Solving a Problem

1. Daily-Check In
2. Mindfulness Monday meditation video
3. Group activity
    a. Have students share a problem they may be having and the rest of the class helps them break the problem down and brainstorm solution to the problem
4. Show video to introduce problem solving
5. Go over the steps the video went through
    a. Break the problem into steps
        i. Example: having trouble starting a project
    b. Figure out what the problem is
        i. Example: I don't know what information to put in the project
    c. Brainstorm solutions
        i. Example: check rubrics, notes, any papers handed out in class
    d. Choose a solution
        i. Example: visit your teacher during rams and ask for help
    e. Test your solution out
6. Go to Steps to Solving a Problem worksheet: have students ID problem and go through the worksheet
7. Work on missing work when finished
