Gwynedd Mercy University-School of Business & Education
(*Must be used for each lesson observed by University Supervisor*)
Lesson Plan Framework

Subject Area: Life Skills Math **Grade Level:** 9-12

Student Name: Grace Dittman

Domain I: Planning and Preparation	
PA Standard(s): • **Functional money skills:** Use a bank account to pay a bill online, make a purchase, and plan a purchase within a budget. • **CC.2.2.2.A.1:** Represent and solve addition problems (adding checking and savings to find a total). • **IEP goals:** Students use their AAC device, their voice, or an adult scribe to communicate, following each student's IEP goals.	
Essential Question(s): Students will consider and reflect on throughout the lesson: • How do I pay a bill online and make a purchase? • How do I find how much money I have in total? • How do I choose something to buy that fits my budget?	
Objectives/Performance Expectations What will students know and be able to do as a result of this lesson? Students will be able to: • Share one thing they are thankful for in writing, using an AAC device or an adult scribe if needed. • Explain, with support, how to pay a bill online and make a purchase. • Log in to Bankability, check for bills, and pay them. • Write the amounts in their checking and savings accounts, add them for a total, and choose an item within their budget for tomorrow.	
Assessment Evidence/Level of Learning Students will show what they know by evidence of/list names of formative or summative checks, quizzes, tests which indicate evidence of learning: • **Formative:** Observation of AAC use or verbal responses during the expectations and the thankful activity. • **Formative:** Whether each student logs in to Bankability, checks for bills, and pays them. • **Formative:** Fun Friday worksheet: checking amount, savings amount, total, shopping decision, and an item	**Differentiated Instruction**: Modifications in instruction and assessment for students with learning differences, specifically those with 504's and IEP's. Extensions/Enrichment in instruction and assessment for students who are above grade level and/or gifted. • **Content:** The Bankability videos give students pictures and spoken information. • **AAC:** Students use their AAC devices, and an adult writes for students who need it. • **Process:** Adult support is given as each student needs

within budget.	it. • **Choice:** Each student chooses an item that fits their own budget. • **IEP/504:** Accommodations in each student's IEP/504 plan will be followed.

Domain II: Classroom Environment:

Describe Classroom/Behavior Management Plan & Routines

- The groups are combined today, so everyone works together for 45 minutes.
- Students begin with expectations and the ASL sign of the week.
- A thankful video replaces mindfulness meditation today.
- Students write one thing they are thankful for on an animal-shaped paper, and we hang them up.
- Students log in to Bankability on their own devices, with adult help as needed.

Domain III: Instruction

Activate Prior Knowledge/Motivation:
Preparing students for the lesson: How will you activate prior knowledge, build background, or review previous lessons as well as motivate students for the lesson?

Students use the daily routine and already use Bankability. The thankful activity lets students share something personal before the lesson. The videos show how to pay a bill and make a purchase, which prepares students to use their accounts and the Fun Friday worksheet for banking tomorrow.

Materials Needed:

Classroom expectations, ASL sign of the week, video about being thankful, animal-shaped paper, pencils and markers, students' AAC devices, Digitability videos on paying a bill online and making a purchase, projector/board, student devices for Bankability, Fun Friday worksheet

Vocabulary (New or Review):

Thankful; pay; bill; online; purchase; checking account; savings account; total; budget

Sequence of the Lesson:
What learning activities/strategies will you use to engage the students in the learning? What will students do to use and apply new concepts or skills (independent practice if relevant)? How will you monitor and guide their performance? Include relevant vocabulary. Use bullets to sequence your lesson.

Combined Class — 45 minutes

- Groups 1 and 2 meet together today.

Expectations and ASL

- We go through the classroom expectations.
- We do the ASL sign of the week.

Thankful Video and Activity

- Students watch a video on being thankful instead of mindfulness meditation.
- Each student writes one thing they are thankful for on an animal-shaped paper, using their AAC device or an adult scribe if needed.
- We hang the papers up.

Bankability Lesson

- We watch a video on how to pay a bill online.
- We watch a video on how to make a purchase.
- Students log in to their accounts and see if they have bills to pay, and pay them.

Fun Friday Worksheet (ready for banking tomorrow)

- Students write how much is in their checking account and how much is in their savings account.
- Students add the two amounts to find their total.
- Students decide whether they will shop.
- Students choose an item that fits their budget to buy at the store tomorrow.

Closure: What will you do to bring closure to the lesson? How will you summarize this lesson and preview the lesson that will follow?

As students finish their worksheets, I ask them to tell me or show me their total and the item they chose, and how they know it fits their budget.
Connection to Next Lesson: Students use their worksheets to shop at the store tomorrow.

Reflection Guidelines

The student will write lesson plans with an eye to the Danielson Framework and the Four Domains of Professional Practice. Use this as a resource when writing lesson plans.

Domain I Planning and Preparation

1. How do you know you were knowledgeable of your content?
2. What is the evidence that your objective was clear in the lesson plan?
3. How does the lesson address individual student learning needs?
4. What variety of strategies and methodologies did you consider when planning?
5. What is the evidence that lesson components were logically sequenced?
6. How did your lesson plan include checks for student understanding?
7. What PA Standards did this lesson address?

Domain II Classroom Environment

1. How did students know the behavioral and academic expectations for the lesson?
2. What effective routines and procedures did you implement for lesson efficiency?
3. How did you insure the classroom was physically accessible for all learners?
4. What evidence indicates that respect was shown between and among students and teacher?
5. What evidence indicates that students placed a high value on quality participation, process, and product?
6. How do you assess if the lesson was attainable for all students but also had appropriate rigor?

Domain III Instructional Delivery

1. How did you align your lesson to PA Standards?
2. How did you insure a clearly stated objective, understood by learners?
3. How did you provide clear explanations as to how to proceed through the lesson?
4. What questioning and discussion techniques insured all-learner participation?
5. What strategies did you employ to engage all students?
6. Describe how you made the content meaningful due to sequencing and

pacing.

7. Discuss how you checked for understanding, provided feedback, retaught.
8. What is the evidence that you were you flexible and responsive to the needs of the learners?
9. Describe how you made meaning of the lesson with some form of closure activity.

Overall Assessment

Briefly state any changes you will make the next time you teach this lesson or activity, to improve any of the Domains of Professional Practice.
