Dear Parents and Families,

My name is Grace Dittman, and I am very excited to introduce myself as the student teacher who will be working with Mr. John Altmire your child from August through December. I am looking forward to becoming a part of the classroom community and getting to know each of your students throughout the semester.

I have been working at Pennridge High School as a Teaching Assistant for the past two years, where I have had the opportunity to work with students in special education and gain valuable experience supporting students with a variety of learning needs. I am currently continuing my education through a master's program in Special Education at Gwynedd Mercy University, and this student-teaching experience is an exciting step in my journey toward becoming a special education teacher.

I am especially excited to work with the students in the Essential Skills and Strategies classroom. My goal is to create a positive, supportive, and welcoming environment where every student feels comfortable learning, asking questions, and building confidence in their abilities. I look forward to learning from Mr. Altmire, working alongside your students, and supporting them as they grow throughout the school year.

I am grateful for the opportunity to work with your children and cannot wait to get started! I look forward to a wonderful semester and to getting to know your students and families.

Sincerely,

Grace Dittman
Student Teacher
Pennridge High School
