Gwynedd Mercy University's Mission Statement

Gwynedd Mercy is a Catholic University rooted in the tradition of the Sisters of Mercy. Our learning community prepares students for successful careers and meaningful lives in a global society.

Gwynedd Mercy University's Core Values

As a Mercy University committed to academic excellence, we value:

Integrity in Word and Deed

Respect for the Dignity of Each Person

Service to Society

Social Justice in a Diverse World*

*With a special focus on the Critical Concerns of the Sisters of Mercy: Earth, Immigration, Racism, Non-Violence, Women

At Gwynedd Mercy University We Believe That:

- Education is a life-long process that enriches the intellectual, moral, and spiritual life of the individual and prepares him/her for an active role in society.
- The cultivation of compassion, intellectual inquiry, dedication to truth, mercy, and justice is essential in improving the human condition.
- Education is a process of transforming oneself and society.
- Individual attention in a caring environment promotes learning.

Core Principals of Student Teaching and Program Learning Outcomes

The Master Teacher program supports the mission of Gwynedd Mercy University in three ways:

- The program continues the tradition of creating a learning community within the field of Education recognizing the core values of compassion, integrity, valuing of diversity, and recognition of the dignity of each person.
- Inquiry and dialogue are hallmarks of the program where students are encouraged to participate in their education process through critical questioning, personal research, and the development of a collaborative process.
- The program focuses on developing competent professionals who strive to participate in the teaching/learning process while upholding and advancing ethical, academic, and organizational standards.

Program Learning Outcome 1: Apply theoretical and practical knowledge in support of your professional practice.

Program Learning Outcome 2: Utilize educational research and develop your own research interests and agenda.

Program Learning Outcome 3: Examine and critique the economic, political, cultural, historical, and social influences that impact education in the United States.

Program Learning Outcome 4: Apply policies, statutes, and rules established by state and local agencies relating to judicious application of disciplinary methods and behavioral procedures.

Program Learning Outcome 5: Identify and use instructional methods and curricula that are appropriate and effective in meeting the needs of individual learners.

GLOSSARY

Collaboration- Partnership between schools and universities which facilitate pre-service teachers to engage in clinical and laboratory experiences in the schools.

Cooperating School/Agency- A school or agency in which field placement students and student teachers engage in professional laboratory experiences. The school or agency is not administered by, staffed by, or under the jurisdiction of Gwynedd Mercy University.

Cooperating Teacher- The professional teacher with whom the field experience student is working. The teacher is a school or agency employee who guides and mentors, prospective teachers within an actual classroom. Cooperating teachers must: have a **minimum of three years of satisfactory teaching experience; hold a Level II PA certificate; have satisfactory or better evaluations**. Cooperating teachers receive a voucher with which to take a free, three credit course through our School of Graduate and Professional Studies, as compensation for their service.

Mentor Teacher - The professional teacher in the same field experience or administrative role. The mentor is a school or district employee with leadership skills, has outstanding work performance, and has mentor training or has trained other pre-service or induction teachers. Mentor teachers must have a **minimum of five years of above satisfactory teaching experience; hold a Level II PA certificate; have above satisfactory or better evaluations.**

Certification and Placement Specialist- The university staff member who is responsible for all aspects of the student teaching experience and certification application process after program completion.

Diverse Student Populations- Populations of students representing all ethnic, racial, socioeconomic, and gender differences, as well as populations of students of all intellectual and physical abilities.

EDU565: Student Teaching & Professional Seminar- This fourteen-week course provides an overview of the student teaching handbook and opportunities to apply knowledge of the Danielson Framework for authentic classroom situations. Students will have the opportunity to share ideas directly relevant to the student teaching process with their peers. Student teachers will explore how to search for and obtain a teaching position. Weekly discussions will facilitate collaboration with student teaching colleagues to further enhance the student teaching experience. This course supplements the graduate-level student teaching experience for student teachers in Early Education PreK-4 certification (with or without Special Education certification) and Secondary Education (Biology, English, Math, and Social Studies).

Field- The classroom, school, or agency where a student teacher gains experience by interacting with professional teachers, students, instruction and curriculum and the process of teaching and learning.

Field Experience- Denotes the entire range of field experiences or experiences in the school or agency which foster the application of theory to practice.

University Supervisor- A university employee responsible to mentor the field placement student, to observe and evaluate the student, and collaborate with the cooperating/mentor teacher.

Observation- On-site observation and evaluation of the field experience student, provided by the cooperating/mentor teacher and the university supervisor. Feedback is provided to the field placement student in order that he/she may work toward the highest levels of proficiency in teaching. The Field Placement Coordinator may participate in observations and collaborate with the cooperating/mentor teacher and university supervisor.

Student Teacher- A teacher candidate engaged in student teaching in a school or agency.

Student Teaching- Guided practice teaching in which the teacher candidate, over a period of consecutive weeks, is involved in the development and direction of teaching, learning, and assessment activities applicable to a group of students. All previous field experiences prepare the teacher candidate to have the highest possible rate of success in the student teaching experience. Student teaching is the last step of the teacher preparation program.

Requirements for Entrance to Student Teaching Field Placement

In order to submit an application for student teaching, the student must:

1. Meet with his/her advisor to review the academic plan and ensure that all coursework is successfully completed
2. Have completed all required field placement experiences
3. Have obtained a GPA of at least 3.0
4. Not have more than one C+ on his/her transcript
5. Have a B or better in the following courses:
    a. PreK-4: EDU506, EDU507, EDU511, EDU512, EDU580, EDU581
    b. Secondary: EDU508, EDU580, EDU581, EDU591

After meeting with his/her advisor and meeting the requirements shown above, the student teaching candidate will submit an application to his/her advisor, for fall student teaching placement **by February 1st** and by **August 1st** for spring student teaching placement.

Attached to the application, the student teaching candidate will submit:

1. PA State Criminal Record Check (Act 34)
2. Child Abuse History Clearance (Act 151)
3. Federal FBI Criminal History Record (Act 114)
4. TB Test Results/Negative (**must be dated within 90 days of starting student teaching placement**)
5. PDE 6004 Form/Arrest-Conviction Form
6. Transcripts/Undergraduate and Graduate
7. Resume
8. Level II Content Area Praxis Scores (Secondary Education candidates ONLY)

Clearances must be current. The date of issue must be valid for one year. With the added one year, the clearances must not expire before the start of the student teaching date. A placement request cannot be submitted to a school district without all current clearances and TB test results.

Design of the Student Teaching Experience

The Pennsylvania Department of Education (PDE) has developed a general set of field experiences and student teaching competencies to be achieved through field experiences and culminating student teaching. The emphasis is the competencies which students are expected to demonstrate throughout the field experiences. These experiences support the pre-service teacher in developing, practicing, and demonstrating competencies in their certification area. During field experiences and student teaching, pre-service teachers are provided a wide range of meaningful interactions with PreK-12 students, professional staff, cooperating/mentor teachers and university supervisors. Pre-service teachers are held accountable for the successful implementation and completion of a progression of instructional and non-instructional tasks, based upon the competencies.

Pennsylvania Department of Education Definition of Student Teaching

> Student teaching is defined as a set of organized and carefully planned classroom teaching experiences required of all candidates in a preparation program. Student teachers are assigned to one or more classrooms, closely supervised and mentored by a certified teacher, the cooperating teacher, who provides regular feedback to the student on his or her classroom teaching performance. General supervision of student teachers is provided by a university or college professional educator (The Framework for K-12 Program Guidelines, 2016, p. 21).

Pennsylvania Department of Education Student Teaching Supervision Requirements:

> The student teacher must be supervised by faculty with knowledge and experience in the area of certification and a cooperating teacher with appropriate professional educator certification (3 years satisfactory certified teaching experience on the appropriate certificate and 1 year certified experience in the specific placement) who is trained by the preparation program faculty (22 Pa. Code Section 354.25(f)) (The Framework for K-12 Program Guidelines, 2016, p. 21).

Student teaching requires a commitment during the daytime hours in the classroom, and afterschool and evening hours when the focus is on lesson preparation and planning, assessing student work, analyzing individual and group data, and tasks associated with teaching and learning.

Student teachers must:

- Follow the calendar and the hours of the professional teacher in the school where they are placed.
- Attend school each day that school is in session, throughout the student teaching experience.

The total number of weeks in a student teaching placement is 14 weeks.

Student teachers will conduct themselves as members of the profession. They will know and use the ethical guidelines and professional standards related to theories of practice. They will have opportunities to collaborate with other professionals and become informed advocates for sound educational practices and policies.

Required Products of Student Teaching – Student Teaching Binder or Electronic Portfolio

Reflection Journal

- A collection of your observations, discoveries, learnings, "ah-ha's", implementations that were successful and those that were not, and analysis of why and why not.

- A collection of strategies and techniques observed and implemented which were effective and which you plan to cement into your teaching repertoire to be infused into your classroom.

- A collection of wonderings about aspects of curriculum, instruction, and assessment that you are exploring; want to continue observing and trying out and want to come to conclusions about over time.

- Base reflections upon the Charlotte Danielson Framework for Teaching. Reflect on the areas of: planning and preparation; classroom environment; instructional delivery; and professionalism. Reflect on the characteristics of the Domains, and analyze areas of success and areas where you should make adjustments and modifications in order to obtain the desired results.

- Due to your supervisor one time per week, but must be available any time your supervisor would like to read them. Your supervisor will tell you when your journal entry is due each week.

Letter of Introduction to the Guardians of the Students

- Your university supervisor must approve your letter first
- Once the letter is approved, it may be distributed to families

Lesson Plans

- The Gwynedd Mercy University Lesson Planning Framework is the required template and is located at the end of the handbook. It is also located on the Student Portal in the Student Teaching folder.
- You must utilize this template each time your supervisor has a scheduled observation; you must send the appropriate lesson plan and any accompanying documentation to your supervisor at least two days in advance of the observation.
- All lesson plans must be approved and signed off on by your cooperating/mentor teacher. He/she may require changes to your lesson plan prior to your instruction.
- All related materials for the lesson should accompany the lesson plan

Professionalism in Student Teaching Placement

Attendance and punctuality are required every day.

Absences, late arrivals or early departures are not acceptable during student teaching. In an extreme emergency the student must:

- Obtain approval to be absent from the Certification and Placement Specialist
- Inform your cooperating/mentor teacher, university supervisor, and EDU565 Professor
- Work with your university supervisor to make up the absence
- Without approval by the Certification and Placement Specialist, an absence, lateness, or early departure may result in removal from student teaching and an inability to become certified.

COVID Emergencies: If a student teacher tests positive for COVID, you must submit a doctor's note indicating the positive test and recovery and quarantine period, and when you may return to student teaching. All student teachers must contact Student Health Services at Gwynedd Mercy University as a protocol for COVID. You must also inform your Cooperating/Mentor Teacher, school administrator at placement, Supervisor, and Certification and Placement Specialist at Gwynedd Mercy University. You will need to follow your placement's COVID protocols as well. Time missed due to COVID may impact your student teaching semester and time missed will need to be made up at the end of the student teaching semester.

The student teacher must follow the morning arrival and afternoon departure times of the cooperating/mentor teacher in the placement school as specified in the district's teacher contract or professional agreement. When you contact your cooperating/mentor teacher, upon learning of your placement and prior to your start date, you will inquire as to the teacher hours so you know at what time to arrive on your first day of school.

Should you wish to arrive early and/or remain after hours for purposes of planning and preparation or special events and activities, you may do so if your cooperating/mentor teacher and school principal permit you to be in the building before and after the teacher work day.

Attending a Back-To-School-Night, Open House, PTA meeting, a Faculty Meeting, or other special event will certainly fortify your understanding of many of the aspects involved in working as a professional teacher. While you are not required to attend any activities beyond the hours of the contracted teacher work day, such experiences will help you to grow professionally.

In addition to your field placement, attendance and participation in your seminar, with its assignments and tasks, are requirements and are factored into your final student teaching grade.

Dress Code Policy for Student Teaching Experience

Dress shirt, tie, dress slacks (worn at the waist), dress or skirt (length appropriate for the workplace), dress shoes

No sweats, jeans, sneakers, or casual wear. No skin should be showing, especially when reaching over your head. Minimize distractions; excessive jewelry should be avoided, and visible tattoos should be covered where possible.

All students must meet or exceed the dress code of the local school district. If the local district or school is more casual than these guidelines, these guidelines supersede them. If the district or school is more formal, the local guidelines supersede these.

Student Teacher Assessment and Grading Protocol

The final grade for the student teaching course will be determined via input from your cooperating/mentor teacher, university supervisor, EDU565 seminar professor, and Certification and Placement Specialist. The cooperating/mentor teacher and university supervisor will utilize a standard observation form, using the Danielson Framework, when conducting student teaching observations. Feedback will be given to the student teacher regarding his/her level of proficiency within each of the four domains.

The final evaluation and rating of the supervisor, as per the PDE- 430 evaluation form, will constitute a large part of the grade determination. (The PDE-430 evaluation is the Pennsylvania state teacher evaluation tool. The actual title of the tool is *Pennsylvania Statewide Evaluation Form for Student Professional Knowledge and Practice*.)

The areas of performance on which the student teacher is assessed are found within the four domains of the PDE-430. The four domains of professional knowledge and practice are:

Planning and Preparation

Classroom Environment

Instructional Delivery

Professional Responsibilities

Student teachers are assessed on their performance within the four domains of teaching and learning. The assessment ratings are **Exemplary**, **Superior**, **Satisfactory**, and **Unsatisfactory**. Each rating is identified by the specific descriptive language, for each rating, which identifies the student teacher's performance as meeting that particular rating.

These ratings and the specific language which signifies each rating are found below:

Exemplary – Student will receive a rating of **Exemplary**, when their instructional behaviors and abilities in the four domains **far exceed expectations**. The language which signifies **Exemplary** performance is, **consistently** and **thoroughly**. The student teacher **consistently** and **thoroughly**, performs at a very high level and **far exceeds expectations** in all aspects of implementing the four domains.

Superior – Student will receive a rating of **Superior,** when their instructional behaviors and abilities **do not exceed expectations but are superior**. The language which signifies **Superior** performance is, **usually** and **extensively**. The student teacher **usually** and **extensively performs at a high level** in all aspects of implementing the four domains.

Satisfactory – Student will receive a rating of **Satisfactory,** when their instructional behaviors and abilities **do not exceed expectations but are satisfactory**. The language which signifies **Satisfactory** performance is, **sometimes** and **adequately**. The student teacher **sometimes** and **adequately performs at a level that meets the criteria** in all aspects of implementing the four domains.

Unsatisfactory – Students will receive a rating of **Unsatisfactory**, when their instructional behaviors and abilities demonstrate that they are not meeting expectations on a daily basis. The language which

signifies **Unsatisfactory** performance is, **rarely or never and inappropriately or superficially.** When a student is implementing teaching and learning activities but is **rarely** or **never**, or **inappropriately** or **superficially** meeting the criteria for professional knowledge and practice within the four domains, they will receive a rating of Unsatisfactory.

Fail – A grade of **F** will be earned by a student teacher who is withdrawn from the student teaching field experience at the request of the school administrator. The school administrator will have reached the decision to request removal of the student teacher in collaboration with the cooperating/mentor teacher and the supervisor. The student may be permitted to repeat the student teaching experience if indicated by the supervisor, the student advisor, and the Certification and Placement Specialist, and approved by the Dean of the School of Business and Education.

If a student teacher fails student teaching, a grade of **F** is shown on the student transcript and is calculated into the quality grade-point-average.

Grading Scale

93-100 A	80-82 B-	67-69 D+
90-92 A-	77 -79 C+	63-66 D
87-89 B+	73-76 C	60-62 D-
83-86 B	70-72 C-	Below 60/F

Criteria for Evaluating and Grading Student Teachers

The student teaching field placement experience will be evaluated and graded, to a large extent, according to the student's ability to demonstrate proficiency associated with the following components of professional practice and the following, bulleted descriptors, or indicators of performance.

I. Planning and Preparation – Student teachers/candidates must demonstrate thorough knowledge of content and pedagogical skills in planning and preparation. Cooperating/Mentor Teacher Forms

The terms "Cooperating Teacher" and "Mentor Teacher" are used interchangeably in this section.

Responsibilities of Cooperating/Mentor Teachers for Gwynedd Mercy Student Teachers

The cooperating/mentor teacher:

- must be willing to devote the time necessary to assist in the proper training of a new teacher.
- provides a model of effective teaching techniques, and processes and procedures, through implementation of exemplary lessons and accompanying assessment activities.
- models best practices (instruction, curriculum, and assessment) and provides on-going feedback to the student teacher. This feedback highlights student teacher behaviors which support the achievement and success of the students and highlights behaviors utilized by the student teacher which are not successfully supporting learners.
- guides the student teacher to modify and adapt instructional behaviors, so that lesson plans and implementations are successful.
- is critical in the development of pre-service teachers.

Exemplary cooperating/mentor teachers produce exemplary student teachers who go on to be extraordinary teachers.

The responsibilities of the cooperating/mentor teacher include:

- Providing the student teacher with a desk, chair, and secure place for personal belongings.
- Providing opportunities for the student teacher to observe exemplary teaching and learning activities.
- Assisting the student teacher in assimilating the experiences into correctly structured teaching and learning activities with all accompanying strategies and procedures, i.e., long and short range planning and subsequent instruction and assessment.
- Helping the student teacher gain understanding and practice regarding other aspects of school: classroom management techniques and systems; non-instructional duties and activities; professional responsibilities; faculty, administration, and parent and guardian rapport.
- Continuously evaluating the student teacher's assigned tasks and provide honest feedback about the successes and the areas in need of further work.
- Scheduling a conference time each week to evaluate progress and plan for subsequent experiences.
- Utilizing the Communication Log biweekly to inform the Certification and Placement Specialist of any concerns. If there are No Concerns, the forms can all be submitted to the Certification and Placement Specialist at the end-of-semester. If concerns exist, contact the Certification and Placement Specialist immediately.
- Utilizing the Lesson Observation Form included in this Handbook to assess the student for a Mid-Term and Final report.
- Utilizing the Lesson Observation Form two other times, as formal observations, and turn all 4 forms in to the Certification and Placement Specialist, at the conclusion of the placement. If problems are noted, contact and turn in Lesson Observation Forms immediately to the Certification and Placement Specialist, in order to address concerns prior to the end of the semester.

Complete Cooperating/Mentor Teacher Exit Survey and return to the Certification and Placement Specialist. Documents must be scanned and sent as a PDF file to the Certification and Placement Specialist.

Cooperating Teacher and Student Teacher Roadmap

Recommended Progression of Activities for the Student Teaching Experience

This progression of activities may be utilized by the cooperating teacher. This document aims to help familiarize the student teacher with fundamental knowledge prior to actually instructing students. Building this background knowledge and familiarity with the school and its people, policies, and procedures will set the student teacher up for success. While this document makes recommendations about when to increase the student-teacher responsibilities, this decision can be made in collaboration with the supervisor, the cooperating teacher, and the student teacher.

Student Teaching Responsibilities Recommended Fourteen-Week Schedule

Week 1

- Become acquainted with all procedures including classroom management and instructional strategies
- Write a letter of introduction with approval of classroom teacher and principal
- Request permission of the principal and parents for one videotaped session of your teaching
- Begin personal reflection journal
- Review curriculum guides, textbooks, manuals, etc.
- Learn school and classroom behavior expectations, routines, and emergency procedures
- Observe teacher for classroom management and instructional strategies
- Become familiar with technology resources, professional resources, and library materials

Week 2

- Assist with individual students
- Assist with routine activities such as attendance, homeroom, supervision of lunch, escorting students to class, hall monitoring, bus duty
- Co-plan and co-teach a minimum of one and a maximum of three classes a day
- Discuss the teaching and learning process with the classroom teacher
- Develop instructional materials to assist the classroom teacher
- Participate in professional activities, faculty meetings, SAP, IEP meetings

Weeks 3-5

- Continue to observe classroom teacher and other teachers if appropriate
- Assume total responsibility for routine activities such as attendance, homeroom, supervision
- Plan and implement three lessons/classes per day
- Keep lesson plans in working portfolio
- Reflect on the teaching and learning process in your journal
- Confer with cooperating teacher on a regular basis
- Develop instructional materials as appropriate

- Develop plan to assume full instructional responsibilities including planning, teaching, and evaluating the learning process
- Meet with the classroom teacher to discuss mid-term evaluation form by the end of Week 4
- Participate in professional development activities

Weeks 6-12

- Plan and implement all instructional responsibilities planned with the classroom teacher
- Schedule with the cooperating teacher three weeks of full instructional responsibility
- Keep lesson plans organized in working portfolio
- Complete bulletin boards and learning center requirements

University Supervisor Forms

Responsibilities of the Gwynedd Mercy University Student Teacher Supervisor

The University Supervisor:

- is assigned to students by the Certification and Placement Specialist.
- serves as a mentor to the student teacher and a liaison between the University and the placement school or agency, and the cooperating/mentor teacher.
- visits the student teacher for observations.

The responsibilities of the University Supervisor include:

- visiting and observing the student teacher six times, with one of those six times being a video observation. **Observations must be made in weeks 3, 5, 7, 10, 12 (video observation), and 13.** Observations are required to be a minimum of 45 minutes in duration. When visiting a kindergarten or preschool, the duration of a lesson might be only about 15-20 minutes in duration. Thus, an additional lesson or activity should be observed in order to see the student teacher truly in action.
- receiving and reviewing lesson plans before each observation.
- discussing concerns regarding the lesson plans and providing your student time to make adjustments based on your feedback before lesson implementation.
- providing feedback to the student following each observation. Be sure the cooperating/mentor teacher knows this so he/she instructs the class while you meet with the student teacher.
- maintain ongoing, honest feedback, to allow the student teacher to adjust and perfect professional practices.
- relaying any concerns about your student and his/her success or lack of success to the Certification and Placement Specialist and EDU565 Seminar Professor immediately.
- maintaining ongoing communication with the cooperating/mentor teacher for purposes of evaluating the progress and success of the student teacher. Try to learn of any challenges the student teacher is having and learning of the successes and strengths of the student prior to observations.
- reviewing the weekly journal reflections with the student teacher. Celebrate successes noted in the reflections, and guide the challenges noted.
- utilizing the Pennsylvania Statewide Evaluation Form for Student Professional Knowledge and Practice (PDE-430), *to complete a mid-term and a final evaluation*. When completing the PDE-430, be sure to place the numerical score in the overall rating box on each page. Also, be sure to complete the information at the bottom of the page, i.e., the signatures of the student teacher and yourself, and the dates. Please also be sure the words "Mid-term" or "Final" appear on the top of the front of the PDE-430. **Be sure to provide a copy of the Final PDE430 Evaluation to the student as he/she will need it to complete an assignment in Week 14 of EDU565.**
- utilizing the Lesson Observation Form included in this handbook for purposes of documenting student teacher observations (2) in addition to the mid-term and final observations.
- returning the observations to the Director at the end of the placement, if there are no concerns.
- completing Exit Survey and returning it to the Certification and Placement Specialist.

The following must be returned to the Certification and Placement Specialist at the end of semester (refer to the specific date provided at the beginning of the semester):

- Mid-Term PDE430 Week 7 & Final PDE430 Week 13, (submit end of placement if there are no concerns).
- Lesson Observation Forms (2), submit at the end of placement if there are no concerns.
- Communication Log University Supervisor, if there are no concerns,
- Recommended Final Grade Form
- Exit Survey
- All documentation from the cooperating/mentor teacher unless he/she wishes to submit him/herself.

Pennsylvania Statewide Evaluation Form for Student Professional Knowledge and Practice

Student/Candidate's Last Name First Middle Social Security Number

Subject(s) Taught Grade Level

This form is to serve as a permanent record of a student teacher/candidate's professional performance evaluation during a specific time period, based on specific criteria. This form must be used at least twice during the 12-week (minimum) student teaching experience.

PERFORMANCE EVALUATION

Directions: Examine all sources of evidence provided by the student teacher/candidate and bear in mind the aspects of teaching for each of the four categories used in this form. Check the appropriate aspects of student teaching, and indicate the sources of evidence used to determine the evaluation of the results in each category. Assign an evaluation for each of the four categories and then assign an overall evaluation of performance. Sign the form and gain the signature of the student teacher.

Category I: Planning and Preparation – **Student teacher/candidate demonstrates thorough knowledge of content and pedagogical skills in planning and preparation. Student teacher makes plans and sets goals based on the content to be taught/learned, knowledge of assigned students, and the instructional context.**
Alignment: 354.33. (1)*(i)*(A), (B), (C), (G), (H)

Student Teacher/Candidate's performance appropriately demonstrates:

- Knowledge of content
- Knowledge of pedagogy
- Knowledge of Pennsylvania's K-12 Academic Standards
- Knowledge of students and how to use this knowledge to impart instruction
- Use of resources, materials, or technology available through the school or district
- Instructional goals that show a recognizable sequence with adaptations for individual student needs
- Assessments of student learning aligned to the instructional goals and adapted as required for student needs
- Use of educational psychological principles/theories in the construction of lesson plans and setting instructional goals

Student Teacher Assessment and Grading Protocol

The final grade for the student teaching course will be determined via input from the cooperating/mentor teacher, university supervisor, EDU565 seminar professor, and Certification and Placement Specialist. The cooperating teacher and university supervisor will utilize a standard observation form, using the Danielson Framework, when doing observations throughout the course of the student teaching field placement. Feedback will be given to the student teacher regarding his/her level of proficiency with each of the four domains.

The final evaluation and rating of the supervisor, as per the PDE- 430 evaluation form, will constitute a large part of the grade determination. (The PDE-430 evaluation is the Pennsylvania state teacher evaluation tool. The actual title of the tool is *Pennsylvania Statewide Evaluation Form for Student Professional Knowledge and Practice*.)

The areas of performance in which the student teacher is assessed are found within the four domains of the PDE-430. The four domains of professional knowledge and practice are:

Planning and Preparation

Classroom Environment

Instructional Delivery

Professional Responsibilities

Student teachers are assessed on their performance within the four domains of teaching and learning. The assessment ratings are **Exemplary**, **Superior**, **Satisfactory**, and **Unsatisfactory**. Each rating is identified by the specific descriptive language, for each rating, which identifies the student teacher's performance as meeting that particular rating.

These ratings and the specific language which signifies each rating are found below:

Exemplary – Student will receive a rating of **Exemplary**, when their instructional behaviors and abilities in the four domains **far exceed expectations**. The language which signifies **Exemplary** performance is, **consistently** and **thoroughly**. The student teacher **consistently** and **thoroughly**, performs at a very high level and **far exceeds expectations** in all aspects of implementing the four domains.

Superior – Student will receive a rating of **Superior,** when their instructional behaviors and abilities **do not exceed expectations but are superior**. The language which signifies **Superior** performance is, **usually** and **extensively**. The student teacher **usually** and **extensively performs at a high level** in all aspects of implementing the four domains.

Satisfactory – Student will receive a rating of **Satisfactory,** when their instructional behaviors and abilities **do not exceed expectations but are satisfactory**. The language which signifies **Satisfactory** performance is, **sometimes** and **adequately**. The student teacher **sometimes** and **adequately performs at a level that meets the criteria** in all aspects of implementing the four domains.

Unsatisfactory – Students will receive a rating of **Unsatisfactory**, when their instructional behaviors and abilities demonstrate that they are not meeting expectations on a daily basis. The language which signifies **Unsatisfactory** performance is, **rarely or never and inappropriately or superficially.** When a student is implementing teaching and learning activities but is **rarely** or **never**, or **inappropriately** or **superficially** meeting the criteria for professional knowledge and practice within the four domains, they will receive a rating of Unsatisfactory.

Fail – A grade of **F** will be earned by a student teacher who receives an Unsatisfactory in any of the competency areas of the final PDE 430. The student may be permitted to repeat the student teaching experience if indicated by the supervisor, the Program Director, and the Certification and Placement Specialist, and approved by the Dean of the School of Business and Education.

If a student teacher fails student teaching, a grade of **F** is shown on the student transcript and is calculated into the quality grade-point-average.

Grade of Placement _____

The University Supervisor, cooperating/mentor teacher, EDU565 seminar professor, and Certification and Placement Specialist will determine the student teaching grade. Grading is not discussed with the student teacher. Instead, the University Supervisor and cooperating/mentor teacher provide feedback about what is going well; what observed instructional and non-instructional strategies, methodologies, interventions are effective and why. The University Supervisor and cooperating/mentor teacher also offer a multitude of suggestions and recommendations to support the student teacher in achieving success in the field placement. The University Supervisor should return this form to the Certification and Placement Specialist by the requested date. The student teaching grade will be revealed to the student when grades are released through the Office of the Registrar.

Student Teacher Forms

Contact Reference Guide for Unusual Circumstances for Student Teachers

It is important to notify the appropriate supervisors if you make changes to the daily school day schedule. Communicate by calling the supervisor's preferred phone number and also send an email or text, based upon the preferred contact method of the cooperating/mentor teacher and university supervisor. The cooperating/mentor teacher, university supervisor, and you must function as a team. A key word in this human endeavor is communication. Most problems occur when there is a breakdown in communication among team members. Keep the lines of communication open and work together to achieve a successful experience.

Circumstance - Illness, family emergency, funeral

How will you monitor and guide their performance? Include relevant vocabulary. (Please use bullets to sequence your lesson.)

Closure: What will you do to bring closure to the lesson? How will you **summarize this lesson and preview the lesson that will follow?**

Reflection Guidelines

The student will write lesson plans with an eye to the Danielson Framework and the Four Domains of Professional Practice. Use this as a resource when writing lesson plans.

Domain I Planning and Preparation

1. How do you know you were knowledgeable of your content?
2. What is the evidence that your objective was clear in the lesson plan?
3. How does the lesson address individual student learning needs?
4. What variety of strategies and methodologies did you consider when planning?
5. What is the evidence that lesson components were logically sequenced?
6. How did your lesson plan include checks for student understanding?
7. What PA Standards did this lesson address?

Domain II Classroom Environment

1. How did students know the behavioral and academic expectations for the lesson?
2. What effective routines and procedures did you implement for lesson efficiency?
3. How did you ensure the classroom was physically accessible for all learners?
4. What evidence indicates that respect was shown between and among students and teacher?
5. What evidence indicates that students placed a high value on quality participation, process, and product?
6. How do you assess if the lesson was attainable for all students but also had appropriate rigor?

Domain III Instructional Delivery

1. How did you align your lesson to PA Standards?
2. How did you ensure a clearly stated objective, understood by learners?
3. How did you provide clear explanations as to how to proceed through the lesson?
4. What questioning and discussion techniques insured all-learner participation?
5. What strategies did you employ to engage all students?
6. Describe how you made the content meaningful due to sequencing and pacing.
7. Discuss how you checked for understanding, provided feedback, retaught.
8. What is the evidence that you were you flexible and responsive to the needs of the learners?
9. Describe how you made meaning of the lesson with some form of closure activity.

Overall Assessment

Briefly state any changes you will make the next time you teach this lesson or activity, to improve any of the Domains of Professional Practice.

PENNSYLVANIA'S CODE OF PROFESSIONAL PRACTICE AND CONDUCT FOR EDUCATORS

Section 1. Mission

The Professional Standards and Practices Commission is committed to providing leadership for improving the quality of education in this Commonwealth by establishing high standards for preparation, certification, practice and ethical conduct in the teaching profession.

Section 2. Introduction

Professional conduct defines interactions between the individual educator and students, the employing agencies and other professionals. Generally, the responsibility for professional conduct rests with the individual professional educator. However, in this Commonwealth, a Code of Professional Practice and Conduct (Code) for certificated educators is required by statute and violation of specified sections of the Code may constitute a basis for public or private reprimand. Violations of the Code may also be used as supporting evidence, though may not constitute an independent basis, for the suspension or revocation of a certificate. The Professional Standards and Practices Commission (PSPC) was charged by the act of December 12, 1973 known as the Teacher Certification Law, with adopting a Code by July 1, 1991. This makes explicit the values of the education profession. When individuals become educators in this Commonwealth, they make a moral commitment to uphold these values.

Section 3. Purpose

(a) Professional educators in this Commonwealth believe that the quality of their services directly influences the Nation and its citizens. Professional educators recognize their obligation to provide services and to conduct themselves in a manner which places the highest esteem on human rights and dignity. Professional educators seek to ensure that every student receives the highest quality of service and that every professional maintains a high level of competence from entry through ongoing professional development. Professional educators are responsible for the development of sound educational policy and obligated to implement that policy and its programs to the public.

(b) Professional educators recognize their primary responsibility to the student and the development of the student's potential. Central to that development is the professional educator's valuing the worth and dignity of every person, student and colleague alike; the pursuit of truth; devotion to excellence; acquisition of knowledge; and democratic principles. To those ends, the educator engages in continuing professional development and keeps current with research and technology. Educators encourage and support the use of resources that best serve the interests and needs of students. Within the context of professional excellence, the educator and student together explore the challenge and the dignity of the human experience.

Section 4. Practices

(a) Professional practices are behaviors and attitudes that are based on a set of values that the professional education community believes and accepts. These values are evidenced by the professional educator's conduct toward students and colleagues, and the educator's employer and community. When teacher candidates become professional educators in this Commonwealth, they are expected to abide by this section.

(b) Professional educators are expected to abide by the following: (1) Professional educators shall abide by the Public School Code of 1949, other school laws of the Commonwealth, sections 1201(a)(1), (2) and (4) and (b)(1), (2) and (4) of the Public Employee Relations Act and this chapter. (2) Professional educators shall be prepared, and legally certified, in their areas of assignment. Educators may not be assigned or willingly accept assignments they are not certified to fulfill. Educators may be assigned to or accept assignments outside their certification area on a temporary, short-term, emergency basis. Examples: a teacher certified in English filling in a class period for a physical education teacher who has that day become ill; a substitute teacher certified in elementary education employed as a librarian for several days until the district can locate and employ a permanent substitute teacher certified in library science. (3) Professional educators shall maintain high levels of competence throughout their careers. (4) Professional educators shall exhibit consistent and equitable treatment of students, fellow educators and parents. They shall respect the civil rights of all and not discriminate on the basis of race, national or ethnic origin, culture, religion, sex or sexual orientation, marital status, age, political beliefs, socioeconomic status, disabling condition or vocational interest. This list of bases or discrimination is not all-inclusive. (5) Professional educators shall accept the value of diversity in educational practice. Diversity requires educators to have a range of methodologies and to request the necessary tools for effective teaching and learning. (6) Professional educators shall impart to their students principles of good citizenship and societal responsibility. (7) Professional educators shall exhibit acceptable and professional language and communication skills. Their verbal and written communications with parents, students and staff shall reflect sensitivity to the fundamental human rights of dignity, privacy and respect. (8) Professional educators shall be open-minded, knowledgeable and use appropriate judgment and communication skills when responding to an issue within the educational environment. (9) Professional educators shall keep in confidence information obtained in confidence in the course of professional service unless required to be disclosed by law or by clear and compelling professional necessity as determined by the professional educator. (10) Professional educators shall exert reasonable effort to protect the student from conditions which interfere with learning or are harmful to the student's health and safety.

Section 5. Conduct

Individual professional conduct reflects upon the practices, values, integrity and reputation of the profession. Violation of § § 235.6-235.11 may constitute an independent basis for private or public reprimand, and may be used as supporting evidence in cases of certification suspension and revocation.

Section 6. Legal obligations

(a) The professional educator may not engage in conduct prohibited by the act of December 12, 1973 known as the Teacher Certification Law.

(b) The professional educator may not engage in conduct prohibited by: (1) The Public School Code of 1949 and other laws relating to the schools or the education of children. (2) The applicable laws of the Commonwealth establishing ethics of public officials and public employees, including the act of October 4, 1978 known as the Public Official and Employee Ethics Law. (c) Violation of this subsection shall have been found to exist by an agency of proper jurisdiction to be considered an independent basis for discipline.

Section 7. Certification.

The professional educator may not: (1) Accept employment, when not properly certificated, in a position for which certification is required. (2) Assist entry into or continuance in the education profession of an unqualified person. (3) Employ, or recommend for employment, a person who is not certificated appropriately for the position.

Section 8. Civil rights

The professional educator may not: (1) Discriminate on the basis of race, National or ethnic origin, culture, religion, sex or sexual orientation, marital status, age, political beliefs, socioeconomic status; disabling condition or vocational interest against a student or fellow professional. This list of bases of discrimination is not all-inclusive. This discrimination shall be found to exist by an agency of proper jurisdiction to be considered an independent basis for discipline. (2) Interfere with a student's or colleague's exercise of political and civil rights and responsibilities.

Section 9. Improper personal or financial gain

The professional educator may not: (1) Accept gratuities, gifts or favors that might impair or appear to impair professional judgment. (2) Exploit a professional relationship for personal gain or advantage.

Section 10. Relationships with students

The professional educator may not: (1) Knowingly and intentionally distort or misrepresent evaluations of students. (2) Knowingly and intentionally misrepresent subject matter or curriculum. (3) Sexually harass or engage in sexual relationships with students. (4) Knowingly and intentionally withhold evidence from the proper authorities about violations of the legal obligations as defined within this section.

Section 11. Professional relationships

The professional educator may not: (1) Knowingly and intentionally deny or impede a colleague in the exercise or enjoyment of a professional right or privilege in being an educator. (2) Knowingly and intentionally distort evaluations of colleagues. (3) Sexually harass a fellow employee. (4) Use coercive means or promise special treatment to influence professional decisions of colleagues. (5) Threaten, coerce or discriminate against a colleague who in good faith reports or discloses to a governing agency actual or suspected violations of law, agency regulations or standards.

REQUIREMENTS FOR THE PENNSYLVANIA PROFESSIONAL EDUCATOR CERTIFICATE (Teaching Certificate)

Procedures leading to Instructional I Certification

The Bachelor's degree and completion of an approved teacher education program are a requirement for a Pennsylvania Instructional I certificate. In addition to the academic requirements, each candidate must satisfactorily complete the required examinations of the PECT or Praxis Series. Before graduation, a teacher certification application must be completed and submitted online via TIMS (Teacher Information Management System) at www.education.pa.gov . The Certification and Placement Specialist will review all completed applications in TIMS and approve them accordingly. Specific details surrounding PA Teacher Certification can be done by contacting the Certification and Placement Specialist, Megan Lawler at lawler.m@gmercyu.edu or phone at 215-646-7300 x21153. For students planning to teach outside of Pennsylvania, contact must be made with the Department of Education of the state in which employment is desired. If students have Verification of Program Completion forms for states other than Pennsylvania you may submit them directly to the Certification and Placement Specialist, Megan Lawler.

Statutory Requirements

In accordance with the Pennsylvania Public School Code, every professional employee certified to serve in the schools of Commonwealth of Pennsylvania shall: (1) be of good moral character; (2) show a physician's certificate indicating the applicant is neither mentally nor physically disqualified from successful performance of the duties of a teacher; (3) be at least 18 years of age; and (4) be a citizen of the United States. (Citizenship may be waived in the case of a resident foreign national holding an immigrant visa who declares in writing, to the State Secretary of Education, his/her intention of becoming a United States citizen.)

General Requirements

An applicant for a teaching certificate shall have completed, in addition to all legal requirements, a program of teacher education approved by the Pennsylvania Secretary of Education and shall have been recommended by the preparing institution. In order to be recommended for certification, the student must receive a grade of **B** or better in student teaching experience and achieve the current minimum cumulative grade point average specified by the Pennsylvania Department of Education. Preparation in general education, professional education, and specialization studied shall be in accordance with the standards established by the Pennsylvania Secretary of Education for Program Approval.

Levels of Certification

Instructional I (Provisional) The Instructional Certificate is issued for entry into a teaching position in the schools in the Commonwealth and is valid for six years of teaching in Pennsylvania. The applicant will have met all certification requirements and will have been recommended for certification by the Certification and Placement Specialist of the School of Business and Education.

Instructional II (Permanent) The Instructional II Certificate is a permanent certificate issued to an applicant who has completed a minimum of three years of satisfactory teaching in Pennsylvania on an Instructional I Certificate attested to by the superintendent of the school district in which the applicant's most recent service was performed, or in the case of an intermediate unit, the executive director, or in the case of an approved nonpublic school, the chief school administrator.

In addition, the applicant will have completed 24 semester credit hours of collegiate credit at an approved baccalaureate or advanced degree-granting institution subsequent to the conferring of the baccalaureate degree. Credits earned in programs designed to prepare for professional fields other than education (such as law, medicine, or theology) are not acceptable unless they are relevant to the area of certification. Credits from "two-year" institutions awarding the Associate degree are not acceptable.

These credits may be satisfied, in whole or in part, through in-service programs approved by the Secretary of Education. The applicant must successfully complete a PDE approved induction program to qualify for an Instructional II certificate.

Application Procedure for an Instructional I Certificate

- Go to www.education.pa.gov
- Register a Keystone account with a username and password in order to access your MyPDESuite account. Once your username and password for your Keystone account is established, you can move on with the actual certification application process.
- Go back to www.education.pa.gov
- Select EDUCATORS from the top of the screen
- Click CERTIFICATION from the pulldown list
- Click TIMS (Teacher Information Management System)
- Log into your Keystone Account, then go to MyPDESuite
- Once you have logged in, go to your DASHBOARD page in TIMS
- Select "New Credential Application."
- From the drop-down menu, please select your respective Certification Area: **61 - Instructional I**, and then check from the box of content areas for which you are applying (PreK-4, Secondary Ed 7-12, Special Ed PreK-12, etc.)
- Your **PPID (Pennsylvania Professional ID number)** will appear in a small pop-up box; this is very important. Please store it somewhere accessible, as you will need this number throughout your teaching career to refer to your TIMS application and certifications, as well as Act 48 continuing education credit.
- Next page is where you enter your personal information. Please use a personal email account in this section so PDE can email your certification to you directly. School or work emails are not recommended because they can change.
- Next, you will need to enter your educational background.
    - Please include all degrees - Bachelors, Masters etc. Even if your undergraduate or other Masters degree is not in Education, you still need to add it and list your major.
    - Your Teacher Prep Program is Gwynedd Mercy University.
    - Graduation/Completion Date is very important. If you begin your application prior to finishing the program, you will not be able to move past the Education Background

section of the application. You will have to wait until the 1st day of the month you are completing your program to finish your application. For example, if you begin your application in March, but you don't graduate until May, list May as your graduation date.
    - If you have completed all of the requirements to be eligible for certification, but you have not yet completed the remaining coursework for your Masters degree, then you can select the month/year you completed your certification requirements.
- The Summary page will list all of your application information before you get to the payment section of your application. On this page, it will list all requirements for PDE to review your application. This will include your required Praxis or PECT tests (depending on your certification area). Note for graduate level students: please disregard the PAPA or ETS Core tests listed on your Summary page. These tests are NOT required for post-Baccalaureate or graduate level students seeking initial certification.
- Once you get to the PAYMENT page, it will ask you to pay the $200 application fee.
- Once you pay the $200 fee and submit your application, your application will be accessible for the Certification and Placement Specialist to view and approve.
- If you get stuck with your application at any point, please contact the Certification and Placement Specialist, Dr. Patrick McAleer for individual assistance.
- There is also a 3 minute video for a tutorial on how to navigate through the certification process on TIMS which you can refer to as you go through the application process: https://www.youtube.com/watch?v=NXFnaygVgFo&t=135s

Videotaping of a Lesson

While you will receive continuous feedback from your cooperating/mentor teacher and your supervisor, another method of providing feedback regarding your instructional proficiencies is by way of videotaping a lesson. You are required to have one complete lesson, typically between 40 minutes to one hour, videotaped. You will plan this session with your cooperating/mentor teacher. **This lesson should be one that your University Supervisor does NOT observe in person**. The guardian letter following this page will be distributed to the guardians of the children who will be present during the videotaping of your lesson. Should any guardians opt that their child not be videotaped, you and your cooperating/mentor teacher may make arrangements to keep those students out of view of the camera. In most cases, the students will simply be seated behind the camera so that they do not miss instruction but are protected from being captured on film. Use the video as an honest opportunity for you to evaluate your teaching as per the Danielson Framework. If you are especially pleased with your video, it can become a wonderful artifact to share with prospective employers. You will share this video with your University Supervisor in order for him/her to evaluate it and count it as one of your observations.

In viewing and analyzing the recordings, consider the following:

Content and Context:

- Did you clearly introduce the day's goals and/or objectives at the beginning of the lesson?
- Were your directions clear and concise?
- Note the part of the lesson that could have been improved and why.
- Suggest alternative strategies and their rationales.
- What levels of questioning were used? Provide examples.
- Were clues and prompts used to guide the students to correct responses?
- Did you allow for flexibility in your lesson?

Students' Responses:

- How were the students actively involved in the lesson?
- What indications are there that the students were motivated and engaged in the lesson?
- What strategies did you use to motivate students who were not asking or answering questions?
- How did you promote multicultural learning, gender fairness, and disability awareness?
- What classroom management strategies did you use to keep students on task?
- What strategies did you use to check for student understanding?

Presentation Skills:

- Did your voice have too little or too much volume?
- Did you vary your voice to convey meaning?
- Did you enunciate properly?
- Did you use verbal filler?
- Identify any annoying non-verbal mannerisms.
- Identify contextual factors that influenced the lesson.
- Did classroom management advance or impede student learning?
- Were materials and equipment distributed in an organized and efficient manner?
- Did you display enthusiasm?

*Adapted from Holy Family University's Student Teaching Handbook 2018-2019

When planning for a videotaped lesson, contact Mr. Joe Denisco, at 215-646-7300 x 21079, or email Joe at denisco.j@gmercyu.edu to schedule the videotaping.

Videotaping Student Consent Form

This classroom has a Gwynedd Mercy University student teacher. Our student teachers are required to be videotaped one time during their student teaching placement. The videotape serves as a data collection tool to be used by the student teacher to evaluate his/her instructional and professional behaviors. The goal is to help the student teacher identify areas of instructional strength and areas for further growth and development. A technician from Gwynedd Mercy University will capture the video.

The video will only be viewed by the student teacher and the GMercyU University Supervisor. The GMercyU Certification and Placement Specialist and the Dean of the School of Business and Education may view the video in the event there is a need for the Dean to view the film. The videotape will not be disclosed to anyone else or viewed by anyone else, nor will the film be used for any other purpose other than the professional development of the GMercyU student teacher.

Your signature below indicates that you have read this consent form and that you are permitting your child to participate in the lesson which could result in your child be captured on the video tape. Alternatively, if you do not consent to have your child participate, you will check the box indicating that you do not consent and your child's teacher will place your student out of the range of the camera during the videotaping.

Thank you for completing this form and returning it to the homeroom teacher.

Verification of Understanding and Agreement to Adhere to Student Teaching Requirements as per the Student Teaching Handbook

I, _____, have read and understand all the information set forth in the **School of Business and Education Graduate Student Teaching Handbook**. Any and all questions that I had concerning the information contained in this Student Teaching Handbook have been satisfactorily answered by the Faculty and/or staff. My signature below indicates my agreement to abide by the protocols in this handbook to the best of my ability, particularly as relative to my professional responsibilities. My professional responsibilities include my requirement to be present at school every day and to be punctual. Regarding professionalism, I understand the critical nature of professionalism as per the below:

Most importantly your student teaching placement is that you are in attendance every day and that you are punctual, prepared, and enthusiastic about your tasks. Absences, late arrivals or early departures are not acceptable during student teaching except in an extreme emergency and approved by the Certification and Placement Specialist. Without approval by the Certification and Placement Specialist, an absence, lateness, or early departure may result in removal from student teaching and an inability to become certified unless extenuating circumstances exist and have been discussed with the Certification and Placement Specialist.

If an absence from school is necessary and approved by the Certification and Placement Specialist, you must inform your cooperating/mentor teacher, university supervisor, and seminar instructor as soon as you know that you will be absent from school. Such an absence is only taken in an extreme circumstance. Any absence(s) will be reviewed by the Faculty of the School of Business and Education who will determine whether your final grade will be impacted.

Of paramount importance is your understanding that upon meeting all requirements for certification, you will be certified only in the state of Pennsylvania. Even if you have requested and been approved to student teach in another state, you will not be certified in that state as a result of this student teaching placement. It is not recommended to student teach in any state other than Pennsylvania. However, from time to time a student will request such a placement. Certification from meeting program requirements from Gwynedd Mercy University School of Business and Education and Pennsylvania state requirements will result in certification solely for the state of Pennsylvania.
