Domain II: Classroom Environment:

Describe Classroom/Behavior Management Plan & Routines

- Groups 1 and 2 are combined today instead of split.
- Students work in pairs with a general education buddy from a Spanish class.
- Buddies have the instructions and work with our students to make paper flowers.
- Adults circulate to support students and buddies.
- After finishing, students take a snack and leisure break and then color Día de los Muertos pictures.

Domain III: Instruction

Activate Prior Knowledge/Motivation:

Preparing students for the lesson: How will you activate prior knowledge, build background, or review previous lessons as well as motivate students for the lesson?

Students already follow multistep directions in our classroom routines. Working with a buddy on a hands-on project gives students a chance to share what they can do with classmates. The flowers will be displayed on a hallway bulletin board for the whole school to see.

Materials Needed:

Paper flower instructions and materials, students' AAC devices, snack and leisure items, Día de los Muertos coloring pictures, coloring supplies

Vocabulary (New or Review):

Día de los Muertos; flower; paper; buddy; directions; color; break

Sequence of the Lesson:

What learning activities/strategies will you use to engage the students in the learning? What will students do to use and apply new concepts or skills (independent practice if relevant)? How will you monitor and guide their performance? Include relevant vocabulary. Use bullets to sequence your lesson.

Combined Class

- Groups 1 and 2 meet together today.

Paper Flowers with Buddies

- General education Spanish students arrive. Each is paired with a buddy

from our class.
- Buddies have the instructions and work with our students to make paper flowers for the Día de los Muertos bulletin board in the hallway.
- Adults circulate and help as needed, and students may use their AAC devices to communicate.

Snack and Leisure Break
- When students finish their flowers, they take a snack and leisure break.

Coloring
- Students color Día de los Muertos coloring pictures.

Closure: What will you do to bring closure to the lesson? How will you summarize this lesson and preview the lesson that will follow?

At the end of class, students share one thing they made or colored, using their AAC device or voice. The flowers will go on the hallway bulletin board.
Connection to Next Lesson: We return to our usual two-group routine.
